

The background of the entire page is a photograph of three young women walking and laughing in a field. In the background, there are several large, cylindrical grain silos and some industrial structures. The women are dressed in casual clothing; one is wearing a striped t-shirt, another a sweatshirt with a circular logo, and the third is wearing a patterned poncho. The overall tone is bright and positive.

TESTIMONIALS

“

I had the opportunity to have some amazing teachers during my education. For me, to have an opportunity to be that person, to be that teacher, especially in a completely different environment such as Brazil, it's amazing.

“

One of the most appealing aspects of this experience was the possibility to live with a host family, immersed in the community. Somehow, from the very first day I stepped in Brazil, and particularly in this house, my mind has broadened to enable me to make the most out of this unique opportunity.
